Gould & Ratner Hosts MSI Americas Legal Roundtable in Chicago

Gould & Ratner was proud to host the MSI Americas Legal Roundtable at our Chicago office, welcoming 17 North American law and accounting firm members and over 30 delegates from MSI Global Alliance: Lawyers & Accountants.

The event featured thoughtful discussions on the impact of AI across the legal and accounting industries, as well as how member firms are embracing innovation, sharing best practices and tackling common challenges. It was a day marked by collaboration, fresh ideas and strong connections within our global network.
