Gould & Ratner Joins MSI Global Alliance, Enhancing Service for Our Clients Worldwide

Gould & Ratner is pleased to announce that it has joined [MSI Global Alliance](#) (MSI), one of the world's leading international associations of independent law and accounting firms. The move offers opportunities for Gould & Ratner's clients to have their cross-border legal and business needs served by a network of more than 250 member firms in more than 100 countries across the globe.

"We are thrilled to be joining MSI and look forward to partnering with its member legal and accounting firms," said Ken Koehn, Gould & Ratner's Chief Operating Officer. "As a member of MSI, we will be able to provide our clients with a comprehensive and seamless web of services through trusted local advisors worldwide."

MSI was formed in 1990 in response to the growing need for cross-border cooperation between independent, professional services firms. It has steadily grown to become a top-ranked, leading international association, with member firms spread throughout the Americas, Europe, Africa, the Middle East and the Asia-Pacific region.

MSI member firms are among the most respected, English-speaking, full-service professional services firms in their local marketplaces, and they share a common desire to provide partner-led, personal and valuable solutions to the cross-border challenges faced by entrepreneurial, small and medium sized companies doing business overseas.

"I am delighted to welcome Gould & Ratner LLP to our global alliance. Their outstanding reputation and dedication to client service make them a valuable addition," said Andrew Leck, MSI's CEO. "I have enjoyed getting to know them in recent weeks, and I look forward to the enhanced capabilities and collaborative opportunities the firm's appointment will bring."
