Fred Tannenbaum, a partner in Gould & Ratner's Corporate Practice, led a panel discussion at the 2019 America-Israel Chamber of Commerce Spring Innovation Spotlight, which will be featured in the *Chicago Reader*. The event highlighted the medical cannabis industry and covered a variety of aspects of the business such as investing, legal and compliance matters, trends and outlook, business challenges, and innovation. This is most timely as the Knesset recently approved medical cannabis for export, and the industry is hot in the Midwest and the U.S. generally.
